

## **VACANCY ANNOUNCEMENT**

### **Physician Specialist – Vascular Surgery**

**LOCATION:** Olive View-UCLA Medical Center

**GENERAL SUMMARY:** Olive View-UCLA Medical Center (OVMC), a 337-bed public teaching hospital affiliated with the David Geffen School of Medicine at UCLA, is seeking a Vascular surgeon to join our clinical practice, which is a major training site for the UCLA General Surgery Program. Candidate will provide vascular surgery clinical care for our patients, including ambulatory and inpatient services, supervise surgical trainees and teach medical students. Individual will receive a Health Sciences academic appointment in the UCLA Department of Surgery and will be required to contribute to the academic mission (research, education, and/or develop clinical programs). Position is 25% administrative and 75% clinical.

#### **JOB DUTIES/RESPONSIBILITIES INCLUDE:**

- Dedicated to providing the highest quality of surgical care, including ambulatory care, operative services, and inpatient care.
- Perform Vascular surgery call for the hospital.
- Collaborate with other services across the hospital to provide multidisciplinary approach for patients when needed.
- Provide operative care at nearby ambulatory surgery centers (ASC) for our patients.
- Serve on hospital-wide administrative committees as Department of Surgery or Division of Vascular Surgery representative.
- Collaborate with key stakeholders and partners, including other ambulatory and inpatient services, quality management, utilization management, nursing, and social work to optimize the Vascular Surgery patient's experience.
- Participate in ongoing quality improvement efforts including assessing metrics of care.
- Participate in training the general and vascular surgery residents, including weekly teaching sessions, inpatient rounds, and educational conferences. Support a positive and high-quality service-learning experience for trainees.
- Opportunity to build or develop further surgical clinical programs.
- Meet criteria for the academic promotion (aligned with designated academic series).
- Approximately 20% time protected for administrative duties.

#### **REQUIRED QUALIFICATIONS:**

- Graduate of an accredited School of Medicine or Osteopathy.
- Completed an ACGME accredited Vascular Surgery residency/fellowship program and must be certified, in the process of, or eligible for certification by the American Board of Surgery (ABS).
- Candidates must have experience and excellence in Vascular Surgery, including endovascular Vascular Surgery.
- Experience in research and commitment to scholarship.

#### **DESIRABLE QUALIFICATIONS:**

- Experience working in government or non-profit environment serving a diverse medically underserved population.
- Excellent written and verbal communication skills.
- Creative, forward-looking thinker.
- Excellent communication skills and ability to work in a collaborative/team-oriented environment.
