

The Department of Pediatrics at Harbor-UCLA Medical Center, is seeking a part-time Clinical Pediatrician to join the faculty.

Harbor-UCLA Medical Center is a large academic health center and the only level I pediatric and adult trauma center located in the South Bay of Los Angeles County. It serves 1.5 million individuals. It has a 26-bed general pediatric unit, 10-bed PICU, Level II and III NICU, pediatric emergency department, and the full range of pediatric subspecialties. Our patient population includes the underserved in Los Angeles, Orange, and San Diego County as Harbor-UCLA is the first county hospital north of the Mexico border.

Our faculty contribute to our mission through medical education, clinical service, research, and advocacy. We are known for teaching excellence in the areas of general pediatrics and newborn medicine as well as teaching our future doctors to empower families and communities.

We are seeking a qualified primary care physician (BC/BE in Family Medicine or Pediatrics) to support primary care departmental goals by providing direct patient care for patients from birth until 22 years of age in our Patient-Centered Medical Home (PCMH). The clinic is staffed by physicians, nurse practitioners, nurses and certified medical assistants working together as a team. The physician will also have the opportunity to supervise residents and become involved in departmental quality improvement programs assessing patient and population health outcomes and performance improvement programs. In addition to staffing assigned clinic times, the physician may provide back-up help during times of provider staff shortages.

Please send your CV and cover letter to Lucinda Santos at lsantos4@dhs.lacounty.gov
